“ *My Princess! I never knew there were so many headbands available & she must have had tons of them. In all the years we worked side by side, only one time did she come to work not all "dolloed up". No make up, hair al Natural! I about fell on the floor in shock. We had just laughed about it again a few months ago. Princess forced me to get a life outside of work & traveling back & forth. I will forever be grateful. Hardly a movie I pass up that does not remind me of her & her comments or the singing from them. Princess cherished her babies & always spoke of them with so much love & pride. Alfreda or "Mummzie" as we called her in a British accent, your daughter was so very wonderful & she loved you so very, very much. Princess Gatti, I love & miss you. You will forever be in my heart. I love you my friend. Regi*
