“ *wRest easy now my friend, I will always remember our good times at the Double tree hotel trying to get everyone to go fishing. I was proud when you became the Executive Chef for the first time it still feels like yesterday when you told me. But now my fishing buddie and chef gets his wings. You're taken to soon, but your spirit will live on through the people who knew you. Your kids lost a dad, but gain a angel. R.I.P. CHEF OUT! Heard!!*

“ *Bradley. I can't explain how I feel and the amount you are missed. Regardless of anything that did happen. Regardless of any past circumstances I know you knew I loved you. I know you loved me. I am blessed God gave me the years He gave me when I met you. Extremely grateful to have been your wife. Extremely grateful that we had time to make it right before you went home. NO ONE will ever know or understand what YOU meant to me.*

*Yes Lord shine light on the darkness. All of them. No one actually cared for him but every one has an opinion.*

*Kelly were you one of his drug addicted friends or a family or friend that NEVER came to see him the 6 weeks he was still here. I talk to detective regular I am NOT a suspect. So shady is Kelly Smith it looks like. Go stand on your soap box in what you think is fact. But don't u dare act like u gave a shit about him*
