“ I met Derrick for the first time in person earlier this year. A bright light and caring being would be an understatement describing the type of person he was. I'm truly saddened by this. Derrick aka Bugg you will be missed tremendously. Thank you for always being kind hearted. RIH 💔

“ Bugg my baby brother, you always would say skinnier than and I would just bust out in laughter, I'm like boy we the same weight. This right here is truly hard, but I know that you've ran your race and are finally truly home. Just know that you are loved and will truly be missed.

Love always your big brother,

“ *Derrick came into my life during 1 of the darkest times in my life. He was a constant support & a bright light in my life. Derrick meant alot to not only me but also my family. Derrick & I would travel to my hometown of Athens to visit my family & had some of the most amazing times that I will always cherish & hold dear. One thing that I wish I would have shared with him is how inspired I was by his love for life. I think all that knew him knew he loved insects. The beautiful thing about his love for them was that no matter how they looked he always found the beauty in them & what they offer this world. That to me is how he saw everyone. He always looked for the beauty in others & could find light in the darkest of places. I will hold his memory in my heart forever. I am blessed to have had him in my life so closely for these last few years. Thank you to his mother Tosha who treated me like family for raising him to be a man who always chose love & kindness. Love you forever Bugg - Reg*

“ Trying to put into words what Derrick meant to me is proving tough. I met Derrick by chance when we were around 14-15 years old. We both were going through typical teenage things and became extremely close. Sharing each other's growing pains and laughing our way through it. Oh the conversations we've had! Derrick accepted me for me and was someone I could truly call my friend and that didn't change even into our thirties. One word that comes to mind when I think of him is 'genuine'. Derrick was genuine in all that he did and to everyone that he met. I will hold close to me the memories we have shared. My deepest condolences to the family and loved ones.
