“ *I haven't found a real reason to smile, because all I want to do is cry... I speak but all I want is to be quiet.. I pretend to be happy but I'm no where near! In 7 days you would have been 1 years old.. I still don't understand why our time with you was cut so short. A perfectly healthy baby gone with no answer as to why. I wouldn't wish this pain on anyone.. I know they say things happen for a reason but I just can't comprehend this one. Your death broke me into a million pieces! Life is not the same, I love you stinky butt!!* ”

“ Good Morning snooks,
Yesterday I sat with you as I worked, we worked together for the last time. It was so hard but you looked so peaceful. The hardest part is today as we officially part our ways. You will live forever in my heart, you will be the first soul I'll think about, and the last I'll dream about. You have family up there so go get the know them, they'll watch over you until I arrive! Until next time my darling grandson! I love you infinity! ❤️❤️🎈

“ Good Morning my love, up early this morning thinking of you. My heart is heavy as the day approaches in where I have to say goodbye. This was not supposed to happen, you were supposed to be here to bury me. While I know we're not supposed to question God and things happen in his order but I wish he could have waited a little while longer for you. You were so perfect! Watching you come into the world was the greatest gift ever and I will never forget that moment! I will love you always! You'll be the first spirit I look for. Look over your parents they're missing you tremendously!

“ *I wish you could feel the way the wind blows.
I wish you had the chance to ocean float.
I wish you learned about the sky and the plants that grow below.
I wish you had a chance to see snow.
I wish to see your sweet smile once more.
More than anything, I wish that you didn't have to go.*

“ To Granny’s stinky butt,

I thank you for giving us the best 3 months ever! Though our time was cut short your memories will go on forever. I promise to cherish every moment every minute we shared. I wish I could have had more time with you but God had other plans. I will love you eternity and think of you always. When I think of you I always see your smirked face and balled up fist, that’s indeed a memory I do not want to erase. Do me a favor save a seat for me! Look over your parents continue to be their angel . Keep them in line and if they don’t listen let me know I’ll give them a whopping for you! Oh, my sweet baby this is so hard for me. I love you infinity and more! See you soon stinka!
