“ I met Paul sometime in 2010, I was working evenings at a Walmart store in Tampa, Florida. He was my supervisor. Over time the conversations expanded from work to sports, family, education and the future. I remember laughing so much with Paul and will miss him terribly. I was so looking forward to reading the book he was working on. To the family- I am so sorry for your loss and am sincerely praying for you.

“ I first met Paul during my first semester at SMU. He had learned that his younger cousin was a freshman on campus and looked me up in the school directory. When we met up, I remember feeling so proud that I had family just a few dorms away! We graduated together and shared that previous moment w our families. I had just talked to him on New Year's . . . he never missed a holiday or birthday or special occasion . . . I will miss him dearly but know that heaven gained one of the best. ❤️

“ Paul! I'am in deep sadness right now. Something told me to look up your name because you weren't responding to me... I'm crying uncomfortably. I'm really going to miss you, my favorite person! Thank you so much for being there for me! I'am happy that you are no longer in pain but I'm hurting because you are really **FREAKING GONE!** This hurts so bad.
