“ I am honored to have known Ms Shirley, even if only for a short time as her realtor. She was a wonderful person and had a beautiful spirit. I am still in shock and disbelief right now but I know that her legacy will live on.

I would like to express my deepest condolences to all of her family and friends for the loss of your loved one. May God bless, strength and keep you all in his peace. You will be missed Ms Shirley.

“ I really can't believe this is real, it just doesn't feel true. She'll always call and say "make sure you mind your mama and daddy and always make sure you keep those grades up" she's was always so caring, just thinking about it makes tear up, she was a great grandmother and will always be one in my heart, I just wish I got to spend more time with her..

“ Words can not explain how I feel right now.. I'm sitting here waiting on that phone call because she would call me and we would laugh and talk, and we had just talked too, but I know she's in a better place now, but she will surely be missed

“ My heart hurt! I just spoke to you Thursday when you called your big sister. I looked forward of cleaning my closet out just for you. You ask my granny all the time “tell Pooh I waiting on Pooh collection”, I promise this don’t seem real you was just like my other mama/granny. You made sure I went to school from Pre-K-7th grade. You always took my side when I was wrong especially when it came to Shannell my mama. You say “Nell I know that’s your daughter but don’t transfer her”...I didn’t want to leave West Dallas 😊 I listened to your favorite song the other day “I Love School” you made sure you blast that every morning and tell us to stay in school. Auntie I’m going to miss you dearly and our family is forever hurting. You say “Pooh take care of my big sis” and I promise I will. Love you auntie 💔

“ Momma, you are well love and you loved with all your heart. You gave more of yourself than you received in return. I am thankful that you are my mother, you taught me how to love to be strong and to forgive. You instilled in me a sense of hope that only you could have received directly from God. This hurts me so much, every time my phone rings I think it is you! I love you very much and I know you are with Jesus right now. You are greatly missed.

“ I am lost for words right now I just don't know what to say to you but that you was just not my mother-in-law but you were my mother. I'm going to miss all the talks that we used to have specially when you said that you were going to come to Tennessee and whoop my butt for not calling you or when you will call and say I just wanted to hear my beautiful daughter-in-law's voice. Your grandkids and I are going to miss you very much and just know that we love you.
